New to this year's Dandelion Daze was a life-size Candy Land game sponsored by My Little Angel. Kids got to decorate cupcakes, finger paint with chocolate and decorate coloring pages.

Children had the chance to meet firefighters from the Wages Volunteer Fire Department, who were there handing out balloons and candy. Firemen showed the kids they weren't scary and that their job is to help them in an emergency.

Dozens of children participated in the free child identification kits. The kit, with their fingerprints and other important information, will be valuable to parents and law enforcement if the child is ever lost or missing.

My Little Angel partnered with Operation PC Cares to make a quilt to send to local troops serving overseas. Kids used colorful paint to put their names and handprints on the quilt.
