

Community loves Blye

Written by Holyoke Enterprise

5-year-old Blye McCallum is a very loving little guy. This community showed its support at the Blye's Quest Benefit Dinner and Auctions Friday, Nov. 12. Phillips County Event Center was filled with people supporting Blye and his parents, Gary and Andrea.

The fund raising effort will allow Blye to undergo specialized therapy in Düsseldorf, Germany in February. Blye sustained an injury during birth which resulted in cerebral palsy. His family is hopeful this treatment will drastically improve his quality of life.

Blye and his parents are pictured above and are pictured below with auction bidder Gayln Einspahr, who purchased a wagon with an extremely generous bid, and then gave it to his buddy, Blye. ☐☐
