The Northeast Colorado Association of Local Governments would like to announce the receipt of a grant to research the formation of a Regional Economic Development District.

These grant funds come from the Federal Government and have been matched by the State of Colorado and the Association of Local Governments.

An advisory group comprised of members from the six northeast counties and municipalities have been working corroboratively during the past 13 months to develop a Comprehensive Economic Development Strategy (CEDS) for the region.

A rough draft of the CEDS document is available for viewing throughout the local communities. The document will be available for viewing for 30 days.

Contact Phillips County Economic Development Corp. executive director Jeff Weaver at 970-580-3614 for more information. Or visit [www.phillipscountyco.org](http://www.phillipscountyco.org) .
