

Autumn is fading fast as the last leaves fall to the ground

Written by Holyoke Enterprise

With just over a month left before the beginning of the winter season, Holyoke city street crews are busy removing leaves from gutters around town. With the help of Snuffy, which sucks the leaves into the back of a city truck, crews are able to quickly eliminate curbside piles of leaves. There are just a few days left to rake up leaves and push them to the street as the city will no longer be picking up leaves as of Monday, Nov. 25.
