

McCallum shows heifer at state fair

Written by Holyoke Enterprise

Trae McCallum was given the opportunity to show his FFA heifer at the State Fair in Pueblo.

The heifer McCallum showed was the same one he purchased after winning the catch-a-calf competition at the National Western Stock Show in Denver Jan. 19.

McCallum's heifer helped him win first place in the breeding heifer category. He also placed fifth in showmanship.

Before the show, McCallum said he was busy cleaning and preparing his heifer. He noted it was a good feeling to win at state. "I never win anything and then I take first at state," he said. "It felt pretty good."
