

FFA celebrates successful year

Written by Holyoke Enterprise

A large crowd of parents, students and community members gathered Friday, April 19 at Holyoke High School to recognize an outstanding year for the Holyoke FFA chapter.

Following a meal, chapter officers led the awards ceremony to honor the hard work accomplished during the past year.

It was evident that new vocational agriculture instructor Guy Kuntz had a huge, positive impact on these students, and it was with regret that he announced he will not be teaching at HHS next year. Students noted their appreciation (even with hugs and some tears) for his leadership as chapter advisor this year.
