

2013 hay directory now available

Written by Holyoke Enterprise

The Colorado Department of Agriculture publishes the Colorado Hay Directory annually to help promote Colorado grown hay. The 2013 edition of the directory is available to the public at no cost.

“The directory is a great way for producers to market their hay and is an important resource for buyers across Colorado and the nation,” said Wendy White, marketing specialist for the Colorado Department of Agriculture.

“Hay continues to be in high demand and we hope this publication helps connect producers and buyers.”
