

Be prepared for no shade at games

Written by Holyoke Enterprise

Spectators at Holyoke High School softball games should be prepared to be exposed to the sun during the final two home games of the season. City employees have removed the awnings covering the older bleachers as they prepare to replace them with the new bleachers. Holyoke City Council hopes to include an awning project with a new press box in the future.

The Lady Dragon softball team has two home games remaining on their schedule. They will host Wray Saturday, Sept. 15 and Akron Saturday, Oct. 6. □ □
