

Lady Dragons to host Pink Zone game Saturday

Written by Darci Tomky

This Saturday, Feb. 2 is the annual Pink Zone game to support the fight against breast cancer. The Lady Dragons will be sporting their pink uniforms and will be taking donations for Melissa Memorial Hospital Foundation in support of their local work to erase cancer.

Community members are invited to fill Dragon Gym with pink at this Saturday's basketball games and support this great cause.

Holyoke 46, Wiggins 29

Hosting Wiggins last Friday, Jan. 25, Holyoke girls' varsity basketball team secured a solid win, defeating the Tigers 46-29.

"It was good to get our second district seeding game win and our eighth overall win for the season," said coach Arlan Scholl. "The girls have been working very hard in practice and deserve to see some positive results."

He added the girls didn't play quite as relaxed, letting the game simply come to them, but they limited turnovers and rebounded well, so he was pleased with the game performance.
