

Kids take stage for annual Christmas program

Written by Holyoke Enterprise

Christmas wouldn't be complete without the annual Elementary Christmas Program, and parents, grandparents and friends sure got a treat Thursday night, Dec. 8 when kindergarten, second-grade and fourth-grade students performed in the HHS auditorium.

Music teacher Marcia Dalton directed the program.

After a quick wave to their parents, kindergartners started off with "Mittens and Gloves," Feliz Navidad! Joyeux Noel!" "Five Little Candles" and "When Santa Comes to our House."

Holyoke kindergarten students kicked off the Dec. 8 Elementary Christmas Program with a darling performance of "Mittens and Gloves."
