

Administrative costs questioned

Written by Holyoke Enterprise

Dear Editor,

It's time to revisit the Re-1J, 2009-10 \$5,177,120 budget. Two line item amounts account for 13.5 percent of the total budget. The cost of Building Administration and District Administration is \$699,278. Our enrollment is declining, less teachers, eliminating bus routes, etc. Where is the corresponding decrease in administrative costs?

One more interesting fact from the 2009-10 adopted budget: For technology, the total district budget is \$61,393. The amount of \$58,043 is budgeted for salaries and benefits.

Sincerely,
Larry K. Haynes
