Dear Editor,

I'd like to thank everyone for their interest and support for my episode of "Law and Order: Criminal Intent."

Sadly, it looks like my scene was cut, though they kept the scene shot in the main space of City Winery. I'm sorry for the confusion about the air date and I'm super bummed it was cut.

I was really hoping to see it too.

Better luck with the next one! Look for me in the movie "White Irish Drinkers."
