

Sorority acknowledged

Written by Holyoke Enterprise

Dear Editor,

I would like to give big recognition to Beta Sigma Phi for the great job they do for our kids with the Post Prom activities.

I have been so impressed with the work they have done for the kids the last couple of years in making the activities after the dance so fun for them. The work they put in to keep our kids safe by giving them an alternative to “partying” after the dance is so much appreciated.

The sorority ladies put their hearts out for the kids to make this a success. They work hard to get nice prizes for the kids, which helps encourage them to stay all night and go to the morning breakfast.

They go above and beyond for our kids.

Lori Nelson
