

Family Dollar on schedule to open in October

Written by Holyoke Enterprise

From an empty lot to a brand new store, work has progressed on the new building that will house Family Dollar. The building is located at the corner of West Denver and North Baxter in Holyoke. Bryn Winburn, public relations manager for Family Dollar, said the store is slated to open sometime in October.

Family Dollar is a discount retailer that carries national name brands and quality private brands. Their merchandise is first-run from the manufacturer. They do not carry over-runs or seconds. Family Dollar stores average 7,000 square feet and employ 8-10 team members, according to Winburn.□ □
